

EUROPEAN REAL ESTATE SUMMIT 2019

Daniel Coheur
Co-Founder and CSO
Tokeny

Daniel is the co-founder and CSO of Tokeny. In this role he can lever the experience of his corporate background, which centered around global growth of transactional based enterprises in banking (Clearstream Banking owned by Deutsche Boerse), and telecommunication (Syniverse owned by The Carlyle Group).

He is a genuine entrepreneur who mentored and funded several start-ups before creating his own investment boutique.

Daniel is also an adviser for StartUp42, a non-profit startup accelerator part of the EPITA, the Paris based Graduate School of Computer Engineering.
