

ISRAEL REAL ESTATE SUMMIT 2019

Jaco Jansen
CEO
Artisan REI

Jaco is the CEO of Artisan is an entrepreneurial driven, property development and investment company focussing on brownfield regeneration projects across regional UK cities.

Our broad expertise and strategic partnerships have allowed us to successfully deliver a varied portfolio of high quality, large scale mixed-used development projects.

Our team focusses on securing undervalued assets which can be transformed or enhanced further through a combination of hands-on and creative planning, intelligent development, pro-active asset management and repositioning.

Prior to joining Artisan in 2015 Jaco spent 14 years in the UK as head of the investment division at Maitland, a global wealth advisory business, where he managed and advised private clients and institutions on portfolios of assets in excess of £2 billion. Jaco, a South African Chartered Accountant, was previously a Director at a large South African private equity and investment group.

Jaco has extensive experience and a strong track record of securing and structuring all components of acquisition and development funding, allowing the business to act quickly, confidently and efficiently throughout the development cycle.
